iMouse G3

Illuminated Gaming Mouse

www.adesso.com

Product Overview

The Adesso® Illuminated iMouse G3 Gaming Mouse will enable you to experience new levels of gaming excellence, featuring 3-color (Green, Blue, Red) illuminating lights and 800, 1600 and 2400 DPI for playing or working in dark environments. Additionally, it contains a heavy-duty gaming cable and rubberized outer layer for improved gripping traction and greater precision that brings comfort in gameplay and work for many hours. Finally, the optical sensor technology allows precision in pointing while letting you work on most glass, wood, marble or leather surfaces without any need of a mouse pad.

DPI Switch with Illuminated Light Changing

Enables you to experience new levels of gaming excellence. Features 3 switchable (Green, Blue and Red) illuminated lights and 800, 1600 and 2400 DPI for playing or working in dark environments, where every second and measure of precision makes a huge difference in winning or losing a game or placing a precise dimension into a parametric drawing.

Heavy Duty Gaming Cable

Provides a ruggedized gaming cable system and rubberized top layer to improve grip traction, allowing greater precision and comfort in gameplay and working for many hours.

Forward and Back Button

The side of the mouse contains a Forward and Back Button for quick and easy internet navigation.

Enhanced Optical Sensor

The optical sensor technology keeps the device precisely on point, while letting it work on most glass, wood, marble and leather surfaces without a need for a mouse pad.
